

# Take Advantage of our Assured Savings Offer!

## Are You Currently Processing Credit Cards?

If your answer is “yes”, then you need to take advantage of LEADERS' Assured Savings Offer!

LEADERS MERCHANTS SERVICES wants to offer you a Free Rate Evaluation. Just provide us with a copy of your two most current processing statements and we will prepare an analysis complete with LEADERS' new rates and your estimated savings.

If we can't save you money on your processing costs,  
**We'll Give You \$500!\***

\*We stand behind this proposed savings based on an analysis of the merchant's two most recent processing months. The assured savings are a function of the overall monthly costs (a combination of rates, fees, and monthly charges) based on the merchant's current rate structure and processing profile in comparison with LEADERS' proposed rates, fees, and monthly charges. Each of the merchant's two most recent processing statements must show a minimum monthly processing volume of \$2,000 in Visa, MasterCard and Discover credit card transactions (excluding PIN Debit).

The \$500 Assurance payment is payable only if LEADERS' analysis shows no projected savings when compared to the merchant's current rate structure and processing profile. Any savings shown in our analysis, regardless of dollar value, renders the \$500 offer unpayable. Actual savings for months in which the merchant processes with LEADERS' may vary from month to month, depending on processing volume and profile. Actual savings are not guaranteed. This offer does not apply to high risk merchant types or merchants with poor credit.
